

PORTETTA MOUNTAIN LODGES

COURCHEVEL

BLANCHOT LODGE

Nestled in the trees and high above Courchevel Moriond in a picturesque hamlet called Le Belvédère sits Blanchot. This lodge is inspired by the wild rabbits living in our mountains.

Decorated in discrete luxury, combining comfort and relaxation, Blanchot is warm and refined, with small touches which make it a home away from home. The lodge is right on the slopes with direct access to the lifts of the largest skiing areas in the world. Blanchot has a massage room, a steam room, a Swedish shower, a relaxation area with home cinema as well as an outdoor hot tub in the garden. This lodge is 320m² with a capacity for 10-12 people (8 adults and 4 children maximum).
