

PORTETTA MOUNTAIN LODGES

COURCHEVEL

PETITE MARMOTTE LODGE

Small and perfectly formed; Petite Marmotte is the ideal hideaway for two. This 1950s former hay store is located at Belvedere, the sunny side of Courchevel, in a quiet and secluded hamlet on the edge of the forest, above Moriond. Petite Marmotte is a ski-in ski-out lodge right on the piste, with direct access to the ski lift. This romantic hideaway is cosy and warm, with a steam chimney for when it's cold outside and an outdoor hot tub overlooking the slopes. Petite Marmotte is an exclusively unique chalet with nothing else like it in the whole of Courchevel.
